HST Date	HST Time	TO	Prog and PI	Instrument	SA	Comments
----------	----------	----	-------------	------------	----	----------

HST date (Hawaii Standard Time) is listed for the first program starting after midnight (00:00) each day. Any date ambiguities should be resolved by the fact that programs are listed in strict time sequence.

All observing must occur within the listed dates and times and only with the personnel listed on this schedule. Any changes to the dates, times, and observing personnel must be approved by the Division Chief at least 1 month in advance; please submit requests earlier.

Support at the telescope by staff astronomers is only guaranteed for the first night of each observer's first run with an IRTF facility instrument as indicated by "1st Night" in the Comments column above. Please confirm this verbally with your support astronomer.

Please return your Observing Requirements Form by the date indicated, approximately 1 month in advance of your run. Please note that IRTF facility instrumentation is provided as documented on our web site (<http://irtf.ifa.hawaii.edu>); modifications for individuals are usually not possible unless agreed upon by IRTF staff adequately in advance.

Driving IRTF vehicles is a privilege granted to observers. Please read and obey our vehicle policy. This includes using IRTF vehicles only for official travel between Hilo, Hale Pohaku, and the summit at the times you have indicated. All changes to your vehicle usage must be communicated to and approved by Mr. Paul Jensen, the IRTF Superintendent.

NOTES:

RO = Remote Observing

SO = Service Observing (010 Orton , 30 min.; 054 Spencer, 15 min.)

SA (Support Astronomer)

ATT = Alan Tokunaga

JTR = John Rayner

SJB = Schelte (Bobby) Bus

WDV = William Vacca

DWT = Doug Toomey (Instrumentation Engineer)

DRN = Doug Neill (Mechanical Engineer)
